RFB

Handwritten practice of the number 7 in Hindi, showing various stroke variations and corrections. The number 7 is written in multiple instances, some with corrections and some with different stroke styles. The practice includes variations in the number of strokes used to form the digit, such as using two strokes (a vertical line and a horizontal line) or three strokes (a vertical line, a horizontal line, and a diagonal line). The practice also shows corrections, such as crossing out a digit and rewriting it, and different ways of connecting the strokes. The number 7 is written in a stylized, cursive-like font, with some variations in the shape of the horizontal and diagonal strokes. The practice is done on lined paper, with the number 7 written in blue ink.
